**Re: Moataz Sayed Hamza
Character Reference Letter**

To Whom It May Concern,

We are writing this letter on behalf of the Kort family in support of Mr. Moataz Sayed Hamza, based on our family's experience with him during an exceptionally difficult and complicated period in our lives.

Following the passing of our father, our family found itself navigating complex matters involving his business, assets, and significant family conflict. There were multiple layers of disagreement, including differing levels of involvement in the family business and disputes involving our stepmother. Emotions were understandably high, and what was already a painful time became increasingly difficult to navigate.

Mr. Hamza represented our family during 2018 and 2019. Throughout that time, our family had the opportunity to observe his professionalism, judgment, and ability to navigate highly emotional and challenging circumstances.

What stood out to our family most was his consistent ability to remain calm, professional, and levelheaded, even when the circumstances around him were anything but. To say Mr. Hamza had his work cut out for him would be an understatement. He was navigating complicated legal matters while also managing strong personalities, deeply rooted family dynamics, and emotions that were understandably running high.

Despite these challenges, he conducted himself with dignity and grace. He demonstrated patience, sound judgment, and an ability to establish boundaries without escalating tensions. He knew when to listen, when to redirect conversations, and when to be appropriately firm. Our family particularly appreciated his ability to remain respectful and composed while guiding us toward a resolution, even when the circumstances made that incredibly difficult.

Members of our family also had the opportunity to observe Mr. Hamza representing our interests during court proceedings. His professionalism, particularly in the face of challenging interactions and heightened tensions, left a lasting impression. He maintained a calm, respectful, and composed demeanor while remaining focused on the legal matters at hand. His ability to communicate effectively, exercise restraint, and navigate difficult situations without becoming reactive demonstrated a level of professionalism and interpersonal awareness that our family greatly respected.

Ultimately, Mr. Hamza helped our family navigate an extremely complicated situation and reach a resolution. We genuinely believe his ability to manage conflict, maintain boundaries, and remain focused on solutions played an important role in bringing matters to a conclusion. His involvement made a meaningful difference during a time when our family was experiencing considerable stress, grief, and uncertainty.

We are aware that Mr. Hamza has faced serious professional disciplinary matters, and we do not wish to minimize their significance. Our support is based on our family's direct experiences with him and the character and professional conduct we witnessed during the time he represented us.

We believe accountability, personal growth, and the opportunity for rehabilitation are important principles. While we cannot speak to the steps Mr. Hamza has taken since our interactions, we believe individuals should have the opportunity to demonstrate meaningful change and move forward. We also believe that a person's character should be considered in the context of their conduct, their interactions with others, and the positive impact they have made.

Our respect for Mr. Hamza comes not simply from the legal assistance he

provided, but from the manner in which he conducted himself throughout the process. His professionalism, composure, patience, and ability to navigate difficult circumstances with clarity and respect made a lasting impression on our family.

During one of the most challenging periods of our lives, Mr. Hamza provided steady guidance and demonstrated qualities that we believe are important in the legal profession. We remain sincerely grateful for his involvement and the role he played in helping our family move toward resolution.

It is with sincerity, appreciation, and respect that **the Kort family offers this letter in support of Mr. Moataz Sayed Hamza and his opportunity to move forward.**

Sincerely,

The Kort Family
